

館藏特色 Collections

本館承繼日治時代臺北高等商業學校及臺北帝國大學之政法與經濟等方面相關書刊資料，1947年1月臺大法學院接收位於徐州路的「臺灣省立法商學院」之際，館藏即初具規模。2014年隨社會科學院遷回校總區臨辛亥路的學院新大樓，為兼顧支援教學研究與預留館藏成長空間，目前典藏於新館之資料計有圖書11萬餘冊、日治舊藏約10萬冊、期刊700餘種；另有留置於徐州路閉架書庫書刊近19萬冊，提供調閱服務。

The library holds more than 210,000 printed volumes and over 700 journals to support the teaching and research. The collections originally came from the the collection of the Taihoku College of Commerce and the social sciences collection of Taihoku Imperial University, when the NTU College of Law established in 1947. In addition, the Hsu-jou Campus Closed Stacks holds 190,000 volumes and the users can request items online.

學科館員服務 Subject Librarians

為瞭解本院師生的需求並提升圖書館服務品質，特設置學科館員擔任圖書館與各系所師生間溝通聯繫的窗口。學科館員主要任務為：系所師生之聯繫與圖書館新服務之傳達、提供研究與學習之參考諮詢、圖書館利用指導，以及協助系所充實各學科主題館藏資源等。

Subject librarians bridge the academic departments and the library to ensure that the library resources offering fully service to support teaching and research. The main services of subject librarian are promoting library services, providing reference services, user education programs and collection development services.

本館概要 About

國立臺灣大學社會科學院遷回校總區政策，溯及1982年校務發展委員會確定預定地，1998年通過遷建規畫案。歷經12年籌備，於2010年3月2日舉行新大樓工程動土典禮，2014年9月開學啟用。遷院籌備及興建過程承蒙校友與企業界的鼎力捐助，其中新大樓四大捐款者之一辜振甫名譽博士，在生前及其家族對大樓興建、圖書館設計裝修慷慨捐款造福後進，故圖書館名為「辜振甫先生紀念圖書館」以茲感念。

本館以支援本院教學研究需求、厚植社會科學學術能量為核心任務，整併徐州路舊校區的法律暨社會科學院圖書分館、法律政治研究圖書室與經濟學研究所圖書室之館藏資源供校內師生使用。

Koo Chen-fu Memorial Library opened on September 15, 2014. The library is a part of the building of College of Social Sciences. The name of the library is dedicated to the memory of an alumnus Koo Chen-fu for his and his family's generous donations.

The library dedicates to support on teaching and research for bolstering academic achievements. The physical collections are a consolidation of the holdings at the former Law and Social Sciences Library, the Law and Political Science Research Library, and the Library of the Graduate Institute of Economics located at the Hsu-jou Campus.

清水混凝土

Exposed Concrete Structure

圖書館以清水混凝土工法建造而成，以呈現混凝土質樸的原始樣貌。

The building uses exposed concrete technique to express the aesthetics of the building.

屋頂草坪

Rooftop

1F開架閱覽室之屋頂覆蓋

人工草皮，與社科院的庭院草坪形狀呼應。

The curves of the library green rooftop echo the landscape on the south side, realizing the perfect fusion between the architecture and the environment.

樹狀柱與天窗

Tree-like Structure & Roof Glass Skylight

1F開架閱覽室以88根錯落的樹狀柱，夾雜130個不規則形狀之天窗，構成森林圖書館之空間主調。

The open shelf area is composed of 88 tree-like columns, with warm sunlight cascades through 130 irregular skylights. Readers can enjoy reading in the library as if they were reading in the forest.

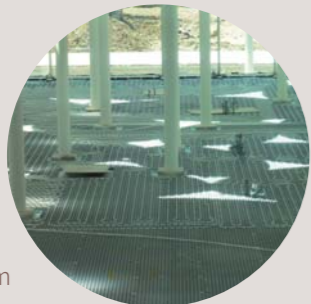

地坪輻射空調

Floor Radiant Cooling System

1F開架閱覽室地下鋪設冷水管，利用輻射原理將冷空氣散佈在讀者活動範圍內，營造舒適的閱覽環境。

The floor radiant cooling system works by pumping chilling air through pre-buried condensation pipes and air vents.

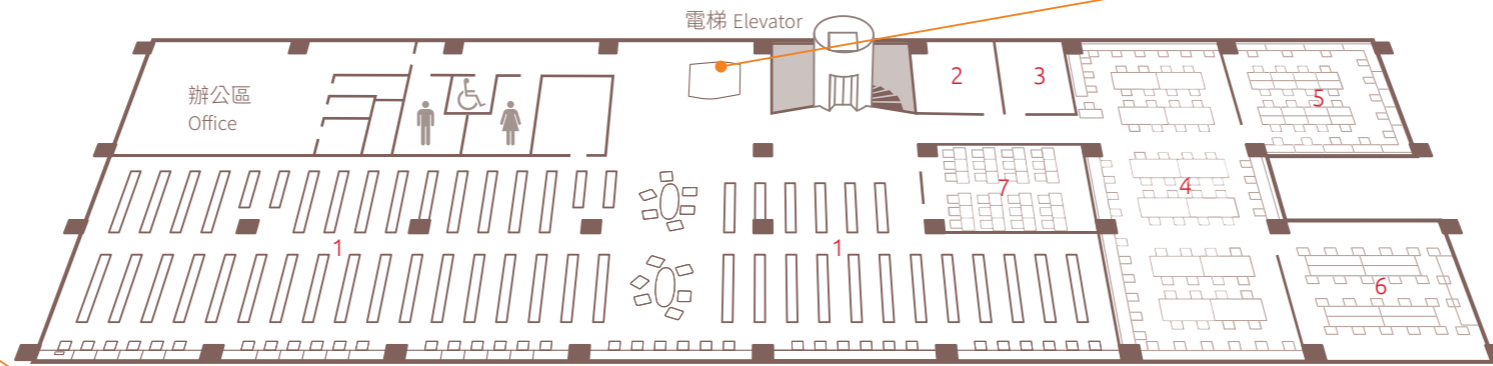

建築與空間

本大樓係由日本知名建築家、2013年普立茲克建築獎 (Pritzker Architecture Prize) 得主伊東豐雄 (Toyo ITO) 設計，圖書館位於B1F至2F中央樓層，總樓板面積4,645m²，其中最富設計精髓的1F開架閱覽室，為長寬各約50m、挑高近6m的通透空間，由88支樹狀柱結構，屋頂穿插130座形狀不一的天窗，配合竹集成材書架及閱覽家具，打造一座宛如森林的閱覽空間，讓讀者重拾閱讀的靜思，開闊的空間也蘊含培養社會科學學者寬廣視野的期待。

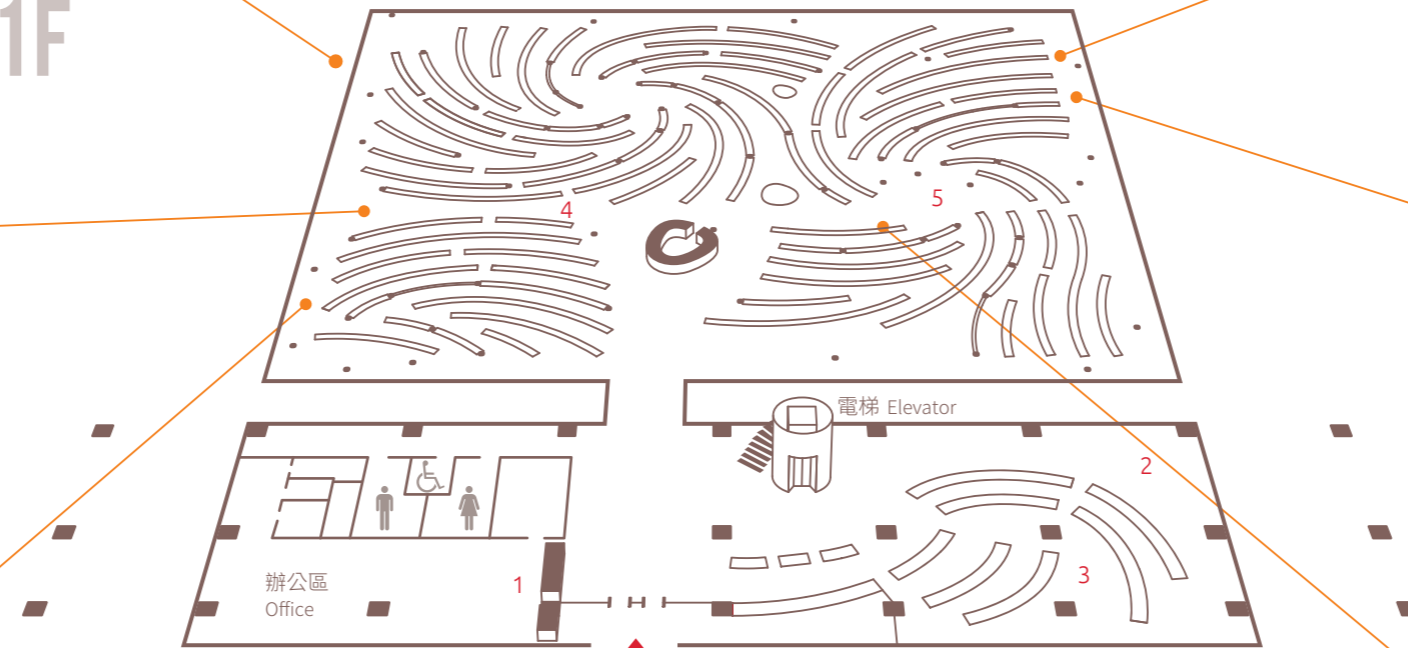

Building and Space

The building was designed by the famous Japanese architect Toyo ITO, the 2013 Pritzker Architecture Prize laureate. The library is located at the center of the building, from B1 to 2F, with an area of 4,645m². The open shelf area on the first floor is one of the most uniquely designed sections—supported by 88 white columns designed to imitate trees, with 130 irregularly shaped skylights. Coupled with the stacked bamboo bookshelves and furniture as if reading in a tranquil forest.

家具特色

本館家具乃日本知名家具設計師藤江和子 (Kazuko FUJIE) 操刀設計，其中書架及窗邊閱覽桌係採用竹集成材製作，以竹材原色為主調，呈現自然純樸、人與大地共生共榮的意象，由本校實驗林管理處木材利用實習工廠研發技術，與國內竹藝家劉文煌合作生產。櫃檯、期刊陳列架、皮革椅凳、燈具等以白色系為主，素雅簡潔，線條收邊獨特，皆與建築主體相輝映。

Furniture

Custom-made furniture was designed by the famous designer Kazuko FUJIE. The stacked bamboo bookshelves and the reading tables were manufactured by NTU Experimental Forest and bamboo artist Liu Wen-huang. The white color is the main tone of the library design as well as service desks, periodical shelves, leather sofas and lamps.

皮革沙發

Leather Sofa

配合整體家具

簡潔線條，外層

手工縫製牛皮，內部

為鋼板骨架，鋪設彈性薄泡棉，提供讀者閱讀之餘休憩使用。

Handmade leather sofa provides the readers a place to rest and relax when taking a break. It is made of steel skeleton and thin flexible foam, with the clean line of furniture.

竹製閱覽椅

Bamboo Chair

椅背造型與天花板相呼應，鏤空處方便拿取，並可掛置個人隨身提袋，美觀與實用性兼具。

The design of bamboo chair echoes with the design of skyline. The V-shaped corner can be used to hang bag, which is both aesthetic and functional.

竹集成材書架和窗邊閱覽桌

Shelf & Reading Table

竹為臺灣傳統工藝常見素材，生長快速容易取得，具環保概念。未經碳化處理，保留竹材原色及紋理。

Tailored with the traditional bamboo artisanship of Taiwan, the color and texture of bamboo furniture bring in the sense of nature.

燈具

Lamp

各式燈具造型簡潔素雅，天花板圓盤燈光採間接照明，搭配窗邊閱覽桌T型燈營造出空間的溫暖氛圍。

The shape of lamps is simple and elegant. With the disc-shaped lighting and the desk lamp on the reading tables, the lamps bathe every corner in a gentle glow.
